## General information

From 9 to 11 November 2010 the 6th International Microinsurance Conference will take place in Manila, Philippines. This event is hosted by the Munich Re Foundation and the Microinsurance Network, supported by GTZ/BMZ.

## Structure and goal of the conference

The conference will have plenary panel discussions on key topics addressing an interdisciplinary audience. Parallel working group sessions will deal in depth with different subtopics. Interactive sessions of approximately 90 minutes are the key part of the conference, encouraging discussion of work in progress and facilitating dialogue in small groups on emerging issues.

## Conference language

English

## Target audience

Over 400 experts from around the world will exchange experiences and discuss the challenges of microinsurance. They include representatives from international organisations, NGOs, development-aid agencies, insurance and reinsurance companies, academics, policymakers and regulators.

## Dates to remember

**Call for proposals: 1.3.2010 – 15.5.2010**

**Start of registration: 1.7.2010**
